

Special Educational Needs Information Report

September 2019

Special Educational Needs Information Report 2018-19

At Bradford Alternative Provision Academy (BAPAC) we embrace this philosophy set out in the Children and Families Act, that places learners at the centre of our planning. To do this, we endeavour to include young people and their families and work with all stake holders to deliver the best outcomes for our individual young people.

Places at BAPAC are commissioned by the Local Authority (LA) to deliver their sixth day provision offer for young people who are permanently excluded from schools. BAPAC accepts referrals for young people who have SEND and pupils at BAPAC are usually within Range 4 to 5, as defined in the Schools' Threshold of Need Matrix.

BAPAC upholds a young person's right to education. We recognise the young person, as an individual, and acknowledge that a young person's needs can change over time. This means that we support a flexible approach that is based on the needs of the individual. Our offer therefore, is designed to ensure that barriers to equal access, within our school, are removed or overcome. We enable this by providing opportunities for successful outcomes and use support, encouragement and flexible resources to facilitate this. We welcome engagement from our parents / carers and wider support from agencies to aid this.

The BAPAC offer is broadly outlined below:

How we support learners across the curriculum

- Robust baseline assessments so that clear targets are identified that match individual learner need.
- Effective lesson planning that uses differentiation to meet the needs of all pupils.
- Good or better teaching that is able to meet the needs of all pupils.
- Progress is communicated to the pupil, their family via a written weekly report.
- Accurate data analysis to support early identification of need.
- Robust risk assessments.
- A stimulating learning environment.
- High levels of adult support and intervention.
- A well designed curriculum to meet the needs of all learners.
- Access to bespoke intervention for children with additional learning difficulties or gaps in learning.
- Access to a range of outside agencies to support well-being and personal development.
- A highly committed staff team who know our young people well.

Supporting Literacy and Numeracy

We have a wide range of strategies and interventions to support the development of literacy and numeracy, including the use of additional adult support to enable learners to access the curriculum. Baseline assessment and continued self-evaluation allows differentiation to take place and needs to be met. Learners will develop literacy and numeracy skills to close gaps that may act as a barrier to their life chances.

Promoting Positive Attitudes to Learning

Learners work is marked on a regular basis. Personalised feedback, to include comments and suggestions for improvement by their teachers' support understanding and learning. Pieces of work are rewarded with stars that go towards certificates and rewards. ICT is promoted across the curriculum and work is displayed around the school to encourage pride in achievement. The emphasis in the school is on positive achievement so that learners become confident and enthused in their ability to be successful learners.

Supporting Positive Behaviour

The Positive Behaviour Policy is key to outlining the ethos and expectations for behaviour in and around the school. We also adhere to our Pupil Care and Intervention Policy to keep everyone safe and our Child Protection Policy to ensure that the school community adopts a highly vigilant safeguarding ethos.

Supporting Emotional Well-Being

BAPAC is able to offer additional support at times when specialist intervention is required to resolve particular difficulties. All staff are very experienced at supporting young people and are able to support conflict resolution and restorative justice. In addition, links with outside agencies supports issues being dealt with effectively and referrals being made to appropriate support networks.

Supporting Physical Well-Being

BAPAC is committed to supporting physical wellbeing of our young people. All pupils have opportunities to participate in physical activities, adventure recreation activities and organised sporting activities against other AP/PRU's and schools. In addition, visiting speakers deliver sessions on relevant topics support the PHSCE curriculum.

Supporting Unstructured Parts of the Day

All pupils are fully supported throughout the day with high levels of supervision and structured activities. At the start of the day, at break and at lunchtime, pupils are able to take part in table top games, use computers and participate in recreational activities. In addition, the Wednesday Club gives young people the opportunity to take part in extra-curricular activities.

Partnership with Other Agencies

Links with outside agencies provide vital support for BAPAC and its pupils. We work closely with a number of linked agencies including:

- West Yorkshire Police
- School Nursing Service
- Child and Adolescent Mental Health Service (CAMHS)
- Bridge Project (Drug education and support)
- Adventure Recreation
- Voluntary Sector Organisations
- Children's Social Care
- Youth Offending Team

Partnerships with Parents/Carers

Our families are an important part of our community and we recognise that the success of BAPAC is enhanced by our relationships with families. Families take part in the induction and review meetings, they receive weekly reports on progress and are informed of relevant information via phone calls. Families are welcome to visit BAPAC at any time to discuss progress etc.

The Curriculum Offer

At BAPAC we offer a curriculum that will support young people to prepare to be successful within society. This may include returning to a mainstream school, entering an appropriate vocational pathway or obtaining skills and qualification to prepare for later life. Literacy and numeracy skills are taught every day and this supports the raising of academic levels. In addition, skills and attitudes that will support success in social situations are developed throughout the placement. The improvements in literacy and numeracy as well as behaviour and attitude help to prepare the young person for success within society.

Staff responsibilities

The staff at BAPAC are very experienced in matters relating to SEND. The SEN Co-ordinator (SENCO) is Mr Trevor Loft. Staff regularly undergo training that relates to SEN and this allows for them to stay abreast of new developments and improve their knowledge, understanding and skills which supports improved working with our SEND pupils. All staff are Team-Teach trained.

Additional Support from Pupil Premium

Learners entitled to free school meals or who are Looked After access additional funding called Pupil Premium to further support their access to learning. Information on how Pupil Premium is used can be found in the BAPAC Pupil Premium Report.

Support from Governance

BAPAC is part of the Exceed Academies Trust (EAT). The Trustees and the Local Advisory Board (LAB) give clarity of vision, ethos and strategic direction, whilst also holding leaders to account for the educational performance of all pupils. The named member of the LAB for SEN is Mr David Ward.

Policies

A range of policies underpin our SEND offer, including:

- Child Protection Policy
- Anti-bullying Policy
- Attendance Policy
- Equal opportunities Policy
- Health and Safety Policy
- Positive Behaviour Policy
- Pupil Care and Management Policy
- Special Educational Needs Policy
- Curriculum Policy
- Teaching and Learning Policy

The Local Authority Local Offer

The local offer that is made at BAPAC supports the Council's Local Offer. Information regarding the Bradford Local Offer can be found on the internet at:

<https://localoffer.bradford.gov.uk/>

There is also a link to the Local Offer on our website home page.

Data relating to pupils with SEND that attend BAPAC

All pupils who attend BAPAC are classed as being at Range 4 to 5, as defined in the Schools' Threshold of Need Matrix. In addition, their attendance at an AP Academy would support them being classed as being at SEN Support, as described in the SEND Code of Practice: 0-25 Years. This is because they are receiving an offer that involves external input, in addition to that which is offered within the mainstream school. For this reason, it should be recognised that all young people who are referred to BAPAC have SEN Support. Because of this, the whole PRU data could also be classified as our SEN data. Within this report the data relating to Education Health Care Plan (EHCP) pupils, of which there were two in 2018-19, is being used.

Education Health Care Plans

Key

Data is for a seven-week period.

Mod. = Moderate Target = Progress in the top half of all people of the same age that have taken the test nationally.

Amb. = Ambitious Target = Progress in the top quartile of all people of the same age that have taken the test nationally.

2+ = Two levels of progress

4+ = Four levels of progress

() = Number in the cohort

The table below highlights the academic data for pupils who have an EHCP during the 2018-19 academic year, during an average seven-week assessment period:

	English				Maths			
	EHCP		Whole PRU		EHCP		Whole PRU	
	2+	4+	2+	4+	2+	4+	2+	4+
2016-17 (3)	100%	100%	93%	77%	100%	67%	96%	83%
2017-18 (3)	33%	0%	86%	69%	100%	100%	94%	82%
	Mod.	Amb.	Mod.	Amb.	Mod.	Amb.	Mod.	Amb.
2018-19 (2)	50%	0%	69%	64%	0%	0%	64%	60%

The table below highlights the reading age data for pupils who have an EHCP during the 2018-19 academic year, during an average seven-week assessment period. This is the whole PRU cohort:

	Reading Age Gain			
	EHCP		Whole PRU	
	6 months +	12 months +	6 months +	12 months +
2016-17 (3)	100%	67%	84%	71%
2017-18 (3)	100%	100%	84%	72%
2018-19 (2)	100%	50%	80%	66%

The table below highlights the attendance for pupils who have an EHCP for the 2018-19 academic year:

	Attendance	
	EHCP	Whole PRU
2016-17 (3)	90%	86%
2017-18 (3)	87%	86%
2018-19 (2)	90%	69%

Summary of the data

Due to the data sets for EHCP pupils being very small, it is not statistically reliable and therefore, it is not possible to make any valid judgements from it. Even though this is the case, it is important to monitor progress, and be vigilant for any trends or issues. This is something that is done on a regular basis to make sure that the needs of all pupils, including those with SEND, are being met.

T.N. Loft
