

BRADFORD
CENTRAL PRU

Self-Evaluation Form

January 2018

Context

Bradford Central PRU (BCPRU) takes pupils from the secondary age range from the whole of Bradford. It comprises of two separate sites, Aireview and Jesse Street who work together as one single PRU. BCPRU is committed to providing a safe, caring and stimulating environment for pupils placed by the Secondary Panel. The key aim is to prevent permanent exclusion, and all the adverse consequences which such labelling and experiences create, and enable pupils to succeed in mainstream education.

The placement process for pupils is rigorous. Individual schools prioritise referrals, these are then further prioritised through the Behaviour and Attendance Collaboratives (BACs) prior to the Secondary Panel, allocating placements at either the Aireview or Jesse Street sites during their weekly meeting. Pupils that are referred to BCPRU are characteristically at high risk of permanent exclusion and exhibit disruptive and challenging behaviours and have underlying social, emotional and mental health issues.

Pupils attend BCPRU for an average eight to ten-week placement. During this time the learning needs of each individual pupil are accurately assessed to determine a personalised learning programme. This is delivered through high quality teaching. Specific attention is given to the social, emotional and mental health needs of learners and any underlying special needs. All education takes place on site and no pupils attend alternative provision.

The intense intervention that BCPRU offers creates an environment where behaviours and attitudes, which are often engrained can be managed effectively. This allows pupils to re-engage with education and experience success. This in turn fosters confidence and self-belief within the pupils and makes it possible for the pupil to undertake a change of educational trajectory. As a result of the calm, focused and supportive setting, pupils experience accelerated academic progress and reach academic levels that are more closely aligned to those of their peers.

BCPRU provides 50 short-term places (25 on each site) for Key Stage 3 and 4 pupils who have either been permanently excluded or who are at risk of permanent exclusion. Pupils involved with the Youth Offending Service, those who are failing to attend or those who have Child Protection issues are all considered. The aim for BCPRU is to re-engage the pupil and allow for them to successfully return to mainstream schooling. If an individual pupil is not able to manage in a mainstream setting, guidance from BCPRU will help to inform the school so that appropriate educational provision can be obtained to meet the individual pupil's educational needs.

The staffing structure comprises of a Headteacher and a School Business Manager. Each site has an identical structure, which consists of; a Head of Centre, four Teachers (one with a TLR), four Behaviour and Learning Practitioners (BLPs), an Administrator and facilities staff.

The last Ofsted inspection, in February 2015, judged the provision to be outstanding in all areas. This judgment reflected the improvements that had been made since the previous inspection and verified self-evaluation judgments made by BCPRU.

Following on from the last Ofsted report, BCPRU has started to look at ways it can support other PRUs and organisations to move forward and support young people even more. As a result of this work, BCPRU has been awarded National Support School (NSS) status. The Headteacher is a National Leader of Education (NLE) and other colleagues are Specialist Leaders of Education (SLEs). BCPRU is currently supporting Bradford District PRU with areas for improvement that were highlighted in their Post Ofsted Action Plan. This work will take place during the 2017-18 academic year.
