## **ICT – Staff Acceptable Use Agreement**

### **Policy Introduction Section**

This document has been developed to ensure staff within BCPRU are aware of their professional responsibilities when using ICT equipment and systems. All staff should follow the guidelines at all times to ensure that they protect themselves from situations that may put them at risk. You are responsible for your behaviour and actions when carrying out any activity which involves using ICT equipment and information systems, either within PRU or at other locations, such as home. ICT equipment and associated technologies include all facilities and resources used to access the PRU ICT network and internet as well as standalone devices with digital storage.

### **When using the PRU's ICT equipment and other information systems, I have understood and will comply with the following statements:**

- I have read and understood the implications and my personal responsibilities in relation to the use of ICT equipment which is detailed within this Agreement.
- I will access the internet and other ICT systems using an individual username and password, which I will keep secure. I will ensure that I log out after each session and never allow other users to access the internet through my username and password. I will report any suspicion, or evidence that there has been a breach of my personal security in relation to access to the internet or ICT systems, to the Head of Centre (HOC).
- All passwords I create will be in accordance with the PRU eSafeguarding Policy. I will ensure that I use a suitably complex password for access to the internet and ICT systems and that I will use a unique password for each system.
- I will not share my passwords with any colleagues or pupils within the PRU.
- I will seek consent from the Business Manager prior to the use of any new technologies (hardware, software, cloud-based services) within the PRU.
- I will not search for, download, upload or forward any content that is illegal or that could be considered an offence by another user. If I encounter any such material I will report it immediately to the HOC.
- I will take a professional and proactive approach to assessing the effectiveness of filtered internet provision in relation to the educational content that can be viewed by pupils in my care.
- I will not attempt to bypass any filtering and/or security systems put in place by the PRU. If I suspect a computer or system has been damaged or affected by a virus or other malware, I will report this to the HOC/Business Manager (as appropriate)
- I will ensure that all devices taken off site, (laptops, tablets, cameras, removable media or phones) will be secured in accordance with the PRU's Data Protection Registration and any information-handling procedures both on and off site.
- I understand my personal responsibilities in relation to the Data Protection Act and the privacy and disclosure of personal and sensitive confidential information.
- I will take reasonable precautions to ensure that any devices (laptops, tablets, cameras, removable media or phones) are stored in a secure manner when taken off site (car / home/ other location). Devices will not be stored in a car overnight or left in sight when not in use, e.g. by an open window or on the back seat of a car.
- I will secure any equipment taken off site for PRU trips.
- I will only use PRU-owned or provided portable hard drivers.

- Will ensure that any personal or sensitive information taken off site will be situated on a PRU-owned device with appropriate technical controls such as encryption/ password protection deployed.
- Any information asset, which I create from other information systems, which could be deemed as personal or sensitive will be stored on the PRU network and access controlled in a suitable manner in accordance with the PRU data protection controls. (For example spread sheets/other documents created from information located within the PRU information management system).
- I will not download or install any software from the internet or from any other media which may compromise the PRU network or information situated on it without prior authorisation from the Business Manager.
- I will return any PRU-owned ICT equipment or software to the relevant individual within PRU (administrator) once it is no longer required.
- I understand that the use of computer systems without permission or for inappropriate purposes could constitute a criminal offence under the Computer Misuse Act 1990 and breaches will be reported to the appropriate authorities.
- I understand that my files, communications and internet activity may be monitored and checked at all times to protect my own and others' safety, and action may be taken if deemed necessary to safeguard me or others.
- I understand that if I do not follow all statements in this Acceptable Use Agreement and in other PRU policies relating to the use of ICT equipment I may be subject to disciplinary action in line with the PRUs established disciplinary procedures.
